Design surface-mounted newspaper box GOETHE AP - RAL colour of your choice

Product number 215-ZFAP

Product description

Design surface-mounted newspaper box GOETHE AP - RAL colour of your choice

The modern surface-mounted newspaper box GOETHE is ideal for a sophisticated entrance area. Its clean-lined design gives this newspaper box an especially elegant appearance.

This newspaper box is particularly convenient because the newspaper can be inserted completely. This protects the newspaper from the weather and allows it to be placed without creasing. Thanks to the water-drip edge, the post stored inside is optimally protected from the elements. The insertion flap is fitted with a high-quality soft-close damper, ensuring quiet closing. To remove the newspaper, the flap is simply opened upwards and the newspaper is conveniently taken out.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a focus on high flexibility and modularity, simple spare-part installation and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- For wall mounting, including standard wall plugs and screws.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be located under an overhang.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted permits the ingress of moisture and dirt into the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for a complaint.

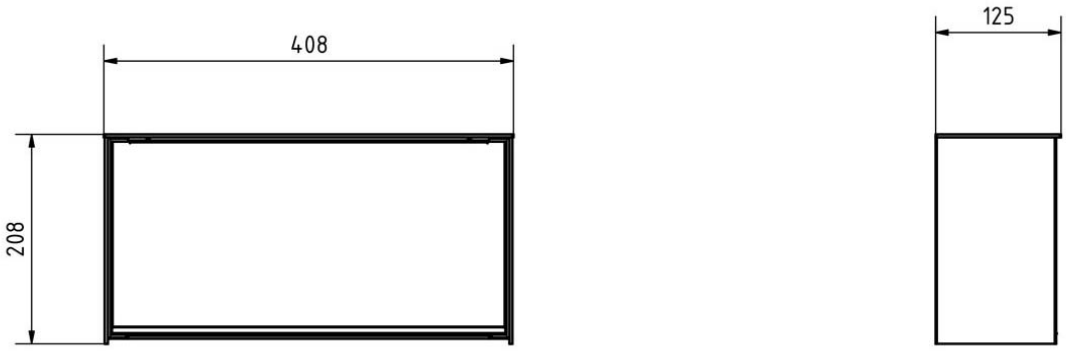

Product properties

Surface/colour	RAL 9005 deep black, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
