Product description

Module with add-on socket - Mennekes 1797 - CEE 32A 5p 400V

The modular socket module is a suitable addition to modular socket columns and enables flexible, requirement-tailored configuration of power distribution. It was specifically designed for use in ORDO socket columns.

The socket module is designed for easy installation. It is inserted into the designated module receptacle of the socket column and securely fixed in place. The thoughtful construction allows rapid replacement of individual modules, thereby reducing downtime and enabling extensions to be implemented efficiently.

Add-on socket - CEE 32A 5p 400V. Protection class IP44 (splash-proof).
