Surface-mounted mailbox system STORM for 2 households – 2-column – RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with 2 letterboxes (2x1)

Product number 480A-2W-7016

Product description

Surface-mounted mailbox system STORM for 2 households – RAL 7016 Anthracite grey

This STORM surface-mounted system is designed for semi-detached houses, ancillary flats and smaller commercial properties where both mailboxes should be easily accessible at the same level. The wide, low design appears particularly calm on generous wall surfaces.

Boxes, rain canopy and side panels are manufactured from high-quality galvanised steel. The powder coating in RAL 7016 Anthracite grey fine-textured matt unifies the individual components into a premium, consistent front.

Each of the 2 mailboxes features a 35 × 340 mm insertion aperture for DIN C4 landscape, a noise-dampening mail flap with high-quality rubber buffers and a downward-opening collection door with opening stop. Mail retention bars, separate locks and interchangeable protected nameplates ensure clear allocation and comfortable use.

The advantages of the STORM surface-mounted mailbox system at a glance

Ideal for two residential units with comfortable operating height

This STORM surface-mounted system is designed for semi-detached houses, ancillary flats and smaller commercial properties where both mailboxes should be easily accessible at the same level. The wide, low design appears particularly calm on generous wall surfaces.

High-quality construction from galvanised steel

Mailboxes, rain canopy and side claddings are manufactured from galvanised steel. The robust material base is designed for long-term use in entrance areas and gives the STORM system a solid, high-quality construction.

RAL 7016 Anthracite grey – fine-textured matt

The entire visible system is uniformly powder-coated in RAL 7016 Anthracite grey fine-textured matt. The finely textured, matt surface appears premium, modern and pairs particularly well with contemporary façades, doors and window profiles.

Comfortable insertion of DIN C4 mail

The 35 × 340 mm insertion apertures are designed for DIN C4 mail items in landscape format. Larger envelopes can also be inserted without bending.

Thoughtful everyday comfort

Noise-dampening rubber buffers, downward-opening collection doors with opening stops and integrated mail retention bars make daily use pleasant. Separate locks and protected interchangeable nameplates ensure clear allocation.

Equipment of the STORM surface-mounted mailbox system

Construction and finish

Configuration 2 columns × 1 row
Mail compartments 2 separately lockable mailboxes
Mailbox material Galvanised steel
Rain canopy and side cladding Galvanised steel
Finish RAL 7016 Anthracite grey fine-textured matt
Standard Mailboxes in accordance with DIN EN 13724

Mail convenience

Insertion aperture 35 × 340 mm per mailbox, suitable for DIN C4 landscape
Mail flaps With high-quality, noise-dampening rubber buffers
Mail collection Front-facing, door opens downwards with opening stop
Mail retention bar Integrated in each mailbox
Keys 4 keys in total, 2 per mailbox
Nameplates 2 protected interchangeable nameplates, one per party

Installation and manufacture

Type of installation Surface-mounted wall installation
Mounting screws Included in the scope of delivery
Application Ideal for two residential units with comfortable operating height
Manufacturing Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

For the best possible protection of deposited mail we recommend installation under a canopy or in a sheltered entrance area. Mail items must be fully inserted so that the mail flaps can close completely.

Note on wall installation

Briefkasten Manufaktur Lippe GmbH

Before installation, the load-bearing capacity and condition of the wall must be checked. Depending on the masonry, concrete or façade construction, supplementary wall plugs or special fastening systems may be required. The supplied mounting screws should be used as appropriate for the specific installation or supplemented by suitable fixings as required.

Product properties

Material	Steel, galvanised
Series	STORM
Boxes by volume	Normal > 10 litres
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey
Number of boxes	with 2 letterboxes
Name labelling	Laser-engraved
Removal of mail	On the front
Mounting type	Surface-mounted
