2-unit (2x1) surface-mounted mailbox system BASIC - Edition NELLY - Bi-Colour VA - RAL 7016 anthracite grey | with 2 letterboxes (2x1)

Product number 382A-7016VA-BS-2X1

Product description

2-unit surface-mounted mailbox system BASIC – Edition NELLY – 2 × 1 – Bi-colour stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a significantly more individual appearance. The mailbox body is made of galvanised steel and is powder-coated in RAL 7016 anthracite grey fine-textured matt, while the letter flaps are made of V2A 1.4301 stainless steel and are ground with 240-grit. This deliberate bi-colour contrast appears modern and high-quality and can be combined with many front doors, windows and façades. As a surface-mounted version with 2 mailboxes (2 × 1), NELLY is not only intended for mail collection but also as a neatly designed part of the entrance area. The flush-fitting side cladding with weather protection hood visually frames the unit and at the same time provides the area for the characteristic NELLY labelling panel.

The distinct advantages of Edition NELLY

NELLY labelling panel – house number and street name

The special NELLY detail is the applied labelling panel on the weather protection hood. It is customised with your individual laser engraving and turns the mailbox unit into a personal element of the entrance area – house number and street name are clearly integrated into the overall design.

Bi-colour: RAL 7016 meets ground stainless steel

The mailbox body made of galvanised steel is powder-coated in RAL 7016 anthracite grey fine-textured matt. The letter flaps, by contrast, are made of V2A 1.4301 stainless steel and ground with 240-grit. The weather protection hood and side cladding are also made of V2A stainless steel and powder-coated.

Large aperture for DIN C4

The 35 × 325 mm letter slot is designed for DIN C4 in landscape format. Larger letters can also be inserted without bending. The mailbox version complies with DIN EN 13724.

Quiet operation in everyday use

The ground stainless steel letter flaps are fitted with a noise-dampening rubber seal. A mail retention bracket supports controlled removal, while the doors open from left to right.

Solid 1.5 mm stainless steel cladding

The weather protection hood and side cladding are made from 1.5 mm thick V2A 1.4301 stainless steel and are powder-coated. This gives the surface-mounted unit a neatly framed, robust structure and additionally protects the mailbox unit in daily use.

Equipment and technical features

Material and mailbox

Configuration 2 mailboxes (2 × 1)
Mailbox body Steel, galvanised; RAL 7016 anthracite grey fine-textured matt
Letter flaps V2A 1.4301 stainless steel, 240-grit ground
Letter slot 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut lettering
Nameplate Interchangeable nameplate under the letter flap
Mail retention bracket Integrated for each mailbox
Mail removal From the front
Door opening From left to right
Locking system Depending on the selected product configuration

Installation and construction

Mounting type Surface-mounted wall installation
Cladding Weather protection hood + side cladding made of 1.5 mm V2A 1.4301 stainless steel, powder-coated
Labelling panel Applied panel on the weather protection hood with individual laser engraving
Mounting Mounting rail including fixings for wall installation
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail is best protected from moisture and dirt when fully inserted and with the letter flap closed. Protruding items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fixings must be appropriate for the existing wall construction and the weight of the unit.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
House number	House number as laser engraving
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Mounting type	Surface-mounted
