The complete surface-mounted mailbox system is made of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox system one of our top sellers. A rain runoff edge for optimal protection against water, a continuous rubber lip for quiet insertion, a solid interchangeable nameplate, a practical mail retention bracket and a very robust lock characterise this surface-mounted mailbox system.

Thanks to the design, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete installation, so there is no need for laborious wall-mounting of individual boxes.
