Designer surface-mounted mailbox GOETHE AP - BI-Color Edition - VA-RAL of your choice

Product number 215-AP-1-VARAL

Product description

Design Surface-mounted Mailbox GOETHE AP - BI-Color Edition - VA-RAL of your choice

The modern surface-mounted mailbox GOETHE in a contemporary BI-Color look is ideal for an upscale entrance area. The clean-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single box provide a capacity of approx. 16 litres; the large mail slot ensures that DIN C4 envelopes and magazines — or mail accumulated during several days' absence — are not creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, the mailbox is designed so that the collection door prevents mail from falling out towards you. Thanks to the water runoff edge, the internal mail is optimally protected from the elements. The insertion flap is fitted with high-quality hinge dampers, guaranteeing quiet closing and preventing annoying rattling caused by weather.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a focus on high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400mm) with body made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL of your choice.
- Front panels made of stainless steel V2A 1.4301, brushed.
- Innovative push-key lock with 2 keys.
- Letters are inserted and collected from the front. Soft-close insertion flap with high-quality hinge dampers for gentle closing.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters can be inserted without bending.
- Collection door opens from top to bottom, preventing mail from falling out towards you.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Optimal rain protection via rain runoff edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Incl. mounting rail for wall installation.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not grounds for a complaint.
