Designer freestanding mailbox GOETHE ST-Q with newspaper compartment - RAL colour of your choice

Product number 215-STQ-1-ZF

Product description

Design freestanding letterbox GOETHE ST-Q with newspaper compartment - RAL colour of your choice

High-quality manufactured freestanding letterbox with newspaper compartment and elegant rectangular stand elements. The modern GOETHE letterbox is ideal for the demanding entrance area. The straightforward design without a visible lock gives this letterbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that even DIN-C4 envelopes and magazines — or mail after several days' absence — do not become creased. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The lock arrangement is designed so that the collection door prevents your mail from falling out. Thanks to the water runoff edge, the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers, ensuring a quiet closure and preventing annoying rattling caused by weather.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- Freestanding letterbox made of stainless steel and aluminium.
- Letterboxes made of stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per unit.
- Letters are inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet posting of mail.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in here without bending.
- The collection door opens from top to bottom, so your mail cannot fall out towards you.
- Newspaper compartment (H x W 400 x 200 mm) made of stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in a RAL colour of your choice with stainless steel laser engraving "NEWSPAPER" (font ARIAL; if a name/house number is requested, it will be in your chosen font).
- Newspaper compartment opens from bottom to top.
- Optional name engraving approx. 15–20 mm high.
- Optional house number engraving approx. 70–80 mm high.
- Optimal rain protection provided by rain runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Rear panel made of 1 mm stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice.
- The W 40 mm x D 80 mm support posts are made of 2 mm stainless steel V2A 1.4301, powder-coated in a RAL colour, for embedding in concrete or for screw mounting.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, where possible, be located under a porch or canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.
