4-unit 1x4 design drop-through letterbox GOETHE MDW with nameplate - RAL colour of your choice | with 4 mailboxes (1x4) | 300-390mm depth

Product number 215-MDW-4S-390

Product description

4-unit 1x4 design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern 4-unit through-wall letterbox GOETHE is ideal for a sophisticated entrance area. Its straight-lined design gives this letterbox an especially elegant appearance. Thanks to the variable shaft depth of 300 mm to 390 mm or 390 mm to 560 mm, this letterbox can be installed in almost any masonry.

The dimensions of the individual boxes provide a capacity of approximately 24–44 litres; the large aperture ensures that DIN C4 envelopes and magazines, or post accumulated during several days away, do not arrive creased. The water-drip edge protects the internal mail optimally from the weather. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing rattling caused by weather. The interchangeable nameplates made from Plexiglas can be easily operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an 'Advertising Yes/No' insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare parts installation and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 4-unit through-wall letterbox made entirely from stainless steel.
- Shaft made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), bare.
- Body made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters will also fit without folding.
- Letter flaps & retrieval doors made from stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- Letters are inserted and retrieved from the front. Insertion flap fitted with high-quality dampers for very quiet insertion of post.
- Retrieval doors open from top to bottom, so the post cannot fall out towards you.
- Plexiglas nameplates for name labelling and a second nameplate with 'Advertising Yes/No' insert per occupant.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable shaft depth 300–390 mm or 390–560 mm. External dimensions of the letter drop shaft W 380 mm x H 180 mm.
- Overall external dimensions front W 450 mm x H 850 mm; rear W 450 mm x H 850 mm.

Important information:

To achieve optimal protection of your post against water, the letterbox or letterbox system should, where possible, be positioned under a canopy.

Mail is only protected from water when it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
