Module with surface-mounted socket - JUNG ES2990KLUSB - USB charger 1 x Type A + 1 x Type C with hinged stainless-steel cover | RAL 9007 grey aluminium, fine-structure matt

Product number BML-9860-STKD-376-ES2990KLUSB-9007

Product description

Module with USB charger - JUNG USB 15 CA SW with flap cover ES 2990 KL USB in stainless steel

The modular USB charging module is the ideal addition for modular socket columns and enables convenient charging of mobile devices directly at the installation. It combines the JUNG USB charger USB 15 CA SW with a high-quality stainless steel central plate including a flap cover with return spring.

The module has been designed for use in ORDO socket columns. It is inserted into the designated module slot and securely fixed. The well thought-out construction enables a neat integration and the simple replacement of individual modules during expansions or maintenance work.

- USB charger JUNG USB 15 CA SW with 1 USB port Type A and 1 USB port Type C.
- Simultaneous charging of 2 devices possible.
- Charging current: max. 3000 mA, power consumption 15 W.
- Screw fastening, without retaining clips.
- Flap cover JUNG ES 2990 KL USB with return spring, including central plate and symbol "Charger".
- Protection class IP44 (splash water).
- Module colour: RAL 9007 grey aluminium fine-textured matt
- Module dimensions: 100 x 100 x 55 mm (W x H x D).

Product properties

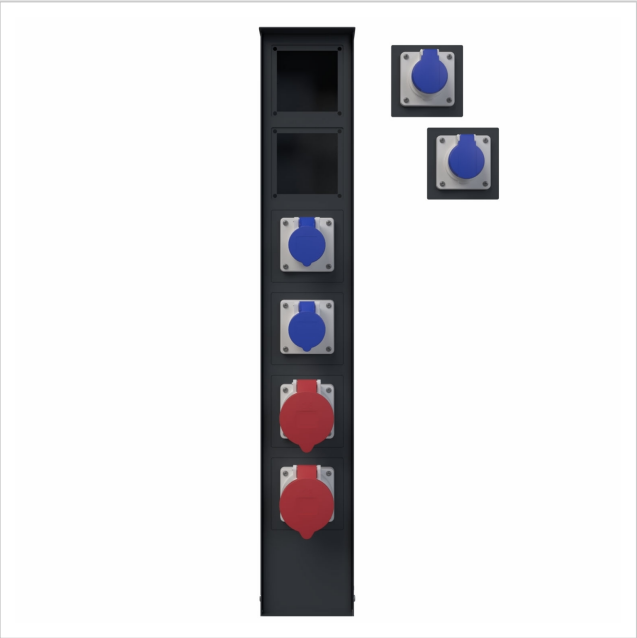

Material Stainless steel V2A 1.4301
