Stainless steel fence letterbox BASIC Plus 382XZ - RAL of your choice - removal from the rear | ? Colour of your choice | with 1 mailbox

Product number 382XAZ-S1

Product description

Stainless steel fence letter box BASIC Plus 382XZ - RAL of your choice - removal from the rear

High-quality fence letterbox from the letterbox manufacturer. The post is inserted from the front, residents can remove the post from the back. The letter box can be attached to your fence using the optional bar mat attachment; if this is not selected, the letter box should be fitted and perforated on site by your fence builder. The complete fence letterbox is made of weather-resistant stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice. A rain drainage edge for optimum water protection, a throw-in flap with rubber buffer, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this stainless steel letterbox.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- Fence mailbox made of stainless steel V2A 1.4301, powder-coated in RAL colour.
- The system is manufactured by Briefkasten Manufaktur. German quality production "Made in Germany".
- The letter box complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, large letters also fit in here without creasing.
- Insertion flap with sound-absorbing rubber seal for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, interchangeable name plate (type 2) under the flap and post holder.
- Incl. side cladding + rain cover made of V2A stainless steel, powder-coated in RAL colour.
- Suitable for fence mounting, fixing holes must be made on site. Optionally with bar mat holder.

Important information:

The post is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
