Blank module | RAL 7016 Anthracite grey, fine texture, matt

Product number BML-9860-STKD-376-B-7016

Product description

Blanking module for ORDO socket column

The modular socket module is the ideal addition to modular socket columns and enables a flexible, needs-based configuration of the power distribution. It was specifically designed for use in ORDO socket columns.

The socket module is designed for easy installation. It is inserted into the designated module receptacle of the socket column and securely fixed there. The well thought-out construction allows rapid replacement of individual modules, thereby reducing downtime and enabling efficient expansion.

- Module without cut-outs.
- Module colour: RAL 7016 anthracite grey, fine-textured matt
