7-unit 4x2 designer surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 200mm depth | with 7 mailboxes

Product number 215-AP-7-200

Product description

7-unit 4x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 7-unit surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a sophisticated entrance area. The clean-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines, or post accumulated after several days' absence, are not crumpled. The innovative Push-Key lock is invisibly concealed inside the mailbox. The key is simply pushed into the existing opening (no turning required) and the door opens. With the arrangement of the lock, the mailbox is designed so that the retrieval door prevents your mail from falling out towards you. Thanks to the water-drip edge, the mail contained inside is optimally protected from the elements. The insertion flap is fitted with high-quality axle dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The replaceable nameplates made of plexiglass can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-parts replacement and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 7-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (magnetic corrosion-resistant stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per unit.
- Mail insertion and retrieval take place from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Collection doors open from top to bottom, preventing your mail from falling out towards you.
- Plexiglass nameplate for name inscription and second nameplate with advertising Yes/No insert per unit.
- Optional house number labelling approximately 100–150 mm high.
- Optimal protection against rain thanks to drip edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in the RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in the RAL colour of your choice.
- Includes mounting rail for wall mounting.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, where possible, be located under a canopy.

Postal items are only protected from water if they are fully placed inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
