Product number 382XA-4W-SP-150-R

Product description

4-unit Surface-mounted Mailbox BASIC Plus 382X AP with Side Bell Box - RAL Colour of Choice

German quality manufacture "Made in Germany" by Briefkasten Manufaktur. The complete surface-mounted mailbox is made from weather-resistant stainless steel V2A, powder-coated in a RAL colour. A rain run-off edge for optimal water protection, a double-folded letter flap with rubber buffer, the solid interchangeable nameplate, a practical mail retention bar and the very robust lock characterise this stainless steel mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high longevity and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete mounting, so there is no need for complex wall mounting of individual boxes. 4-unit surface-mounted mailbox made from high-quality, weather-resistant stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice.

The advantages at a glance

Close-fitting stainless steel cladding with rain hood

Side cladding and rain hood are included in this version and are made from stainless steel V2A, powder-coated in a RAL colour. The close-fitting design forms a closed, constructively coordinated unit with the mailbox system.

Generous letter slot

The letter aperture measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet posting and comfortable retrieval

The integrated flap damping with a rubber buffer reduces impact noise during posting. The mail retention bar holds items back during retrieval.

Integrated bell and intercom area

Bell box made from stainless steel V2A 1.4301, powder-coated in a RAL colour. The stainless steel bell push Type 4 is used as the bell button. Alternatively prepared with a speaking grille for the installation of commercially available two-way intercom systems or flush-mount speakers. (Two-way intercom/flush-mount speakers not included). An option with Comelit Ultra video complete set is also available.

Quality manufacture and considered construction

The system is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-installation.

Equipment and product details

Mailbox system

Number of mailboxes 4 individually usable mail compartments
Arrangement 2 × 2
Depth 150 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish Powder-coated in a RAL colour of your choice
Bell/intercom section Bell box made from stainless steel V2A 1.4301, powder-coated in a RAL colour

Mail and operation

Letter aperture 35 × 325 mm, suitable for DIN C4 landscape

Mail items are best protected from moisture and soiling when fully posted and with the letter flap closed. Protruding items may prevent the flap from closing completely.

Note on wall mounting

Before mounting, the load-bearing capacity and condition of the wall must be checked. The fixing must be matched to the system weight and the existing wall structure.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
