Designer recessed parcel box GOETHE - airlock system - RAL colour of your choice | Parcel compartment 400x1200x400

Product number 215-UP-PK-400

Product description

Design recessed parcel box GOETHE - delivery sluice - RAL of your choice

Parcel delivery has changed significantly in recent years – customers now expect more flexibility and security than ever before. With the recessed parcel box GOETHE from Briefkasten Manufaktur, you choose an optimal combination of innovative technology and exceptional design, manufactured from high-quality stainless steel and aluminium.

The recessed parcel box GOETHE offers a specially designed delivery sluice. Once the courier places your parcel inside and the sluice closes, the parcel automatically drops into the securely locked retrieval compartment below. The delivery sluice is immediately ready for further deliveries after this process and is independently isolated from the retrieval compartment, guaranteeing the highest level of security for your parcels. A parcel box for easy receipt of parcels, enabling carrier-independent parcel delivery! Any parcel carrier (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. The spacious interior of the GOETHE parcel box is designed to accommodate DHL parcel size M and even several smaller parcels. Depending on the placement of a DHL parcel size M, up to four such parcels can be stored safely and conveniently. In addition, the insertion of letters, magazines and catalogues is also no problem (no internal compartment separation possible!).

Briefkasten Manufaktur places particular emphasis on the selection of high-quality materials. The use of stainless steel in the manufacture of the GOETHE parcel box ensures extremely high corrosion resistance and an attractively finished surface. Our quality assurance begins with the selection of our raw material suppliers and only ends when the parcel box reaches you in the required quality. Trust the GOETHE parcel box for a secure, flexible and stylish solution to your parcel delivery needs. Be convinced by a product that combines traditional craftsmanship with state-of-the-art technology – in the true spirit of Briefkasten Manufaktur.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- High-quality parcel box made of stainless steel and aluminium for recessed wall mounting.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Parcel box (W x H 400 x 1200 mm) made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL of your choice with stainless steel laser engraving.
- Parcel compartment volume: 128 litres, Max. parcel dimensions: 355 x 375 x 305 mm (W x H x D), which corresponds to parcel size M.
- Parcel insertion flap with soft-close damping for quiet closing.
- Innovative push-key lock with 2 keys.
- Retrieval door opens from top to bottom.
- Optimal protection against rain provided by rainwater drip edges and a rain canopy made from 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information

Water protection

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail items are only protected from water if they are placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This system is protected against the ingress of water in accordance with DIN EN 13724. Water ingress does not constitute grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Functions	Newspaper compartment, Parcel compartment
