Product number 803-RALE2-AP

Product description

Mailbox BRENTANO® - Design Elegance 2 - RAL colour of your choice

The BRENTANO® mailbox combines modern design with the highest functionality, featuring no visible lock and an elegant 100mm stainless steel trim including name engraving and house number in grey. Manufactured from high-quality materials and powder-coated, this mailbox not only provides a stylish focal point for your home but also ensures long-lasting quality. The clear design language and precise workmanship make the BRENTANO® mailbox a timeless solution for the highest demands. Thanks to its robust construction, it is particularly weather-resistant and reliably protects your post. Ideal for anyone who values a perfect combination of design and function.

The modern BRENTANO® mailbox without a visible lock and with elegant engraving of the house number and name. In the Design Elegance 2 version with a 100mm stainless steel trim, including name engraving in grey.

The generous dimensions of the BRENTANO® design mailbox provide a capacity of approx. 20 litres, so larger items such as DIN C4 envelopes or magazines can be received without folding – even after several days' absence. Top entry ensures comfortable handling. In addition, the mailbox is fitted with dampers that ensure the entry flap closes softly and quietly. The innovative Push-Key lock, invisibly concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the access door prevents your mail from falling out when opened. Manufactured from stainless steel, as well as galvanised steel and additionally powder-coated, this mailbox is particularly durable and of high-quality workmanship.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows especially simple handling: with only one hand you can open the mailbox, remove the post and close it again. Protected by a utility model (DPMA reference DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to the design, self-installation is straightforward.

- High-quality surface-mounted mailbox, powder-coated.
- Quality manufacture - Made in Germany
- Design Elegance 2: 100mm stainless steel trim, brushed to 240-grit.
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without using the key.
- Mailbox body made of 1.5 mm galvanised steel.
- Access door made of 1.5 mm stainless steel V2A 1.4301 with opening limiter, opening from top to bottom. The retaining plate prevents the mail from falling out towards you.
- Top entry.
- The entry flap has an opening limiter that prevents it touching the house wall. In addition, high-quality dampers ensure the flap closes quietly and gently.
- The mailbox complies with DIN/EN 13724. Entry size (3.5 cm x 36.0 cm) for C4 landscape, so large letters also fit in without bending.
- Individual UV- and weather-resistant laser engraving.
- For surface wall mounting, including mounting screws and spacers.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a porch or canopy.

Mail is only protected from water if it is placed completely inside the box and the entry flap is closed. Mail that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.
