# 4-unit surface-mounted mailbox system BASIC - Edition NELLY - Bi-colour VA - RAL 7016 anthracite grey | with 4 mailboxes

**Product number** 382A-7016VA-BS-4

## Product description

## 4-unit surface-mounted mailbox system BASIC – Edition NELLY – Bi-colour stainless steel / RAL 7016 anthracite grey

**"Everything begins with longing." – Nelly Sachs**

The Edition NELLY combines the proven BASIC mailbox technology with a distinctly more individual appearance. The mailbox housing is made of galvanised steel and receives a powder coating in RAL 7016 anthracite grey fine-texture matt, while the insertion flaps are made of stainless steel V2A 1.4301 and are brushed with 240-grit. This deliberate bi-colour contrast appears modern and high-quality and can be combined with many front doors, windows and façades. As a surface-mounted version with 4 mailboxes, NELLY is intended not only for receiving mail but as a neatly designed element of the entrance area. The flush-looking side cladding with protective canopy visually frames the system and also provides the area for the characteristic NELLY lettering panel.

## The special advantages of Edition NELLY

### NELLY lettering panel – house number and street name

The distinctive NELLY detail is the applied lettering panel on the protective canopy. It is customised with your individual laser engraving and turns the mailbox system into a personal element of the entrance area – house number and street name are clearly integrated into the overall design.

### Bi-colour: RAL 7016 meets brushed stainless steel

The mailbox housing made of galvanised steel is powder-coated in RAL 7016 anthracite grey fine-texture matt. The insertion flaps, by contrast, are made of stainless steel V2A 1.4301 and are brushed with 240-grit. The protective canopy and side cladding are also made of stainless steel V2A and are powder-coated.

### Large aperture for DIN C4

The 35 × 325 mm insertion opening is designed for DIN C4 in landscape format. Larger letters can also be posted without being folded. The mailbox design complies with DIN EN 13724.

### Quiet operation for everyday use

The brushed stainless steel insertion flaps are fitted with a noise-damping rubber seal. A mail retention bar supports controlled removal, while the doors open from left to right.

### Robust 1.5 mm stainless steel cladding

The protective canopy and side cladding are made from 1.5 mm thick stainless steel V2A 1.4301 and are powder-coated. This gives the surface-mounted system a neatly framed, robust construction and additionally protects the mailbox unit in everyday use.

## Equipment and technical features

### Material and mailbox

**Configuration** 4 mailboxes
**Mailbox housing** Steel, galvanised; RAL 7016 anthracite grey fine-texture matt
**Insertion flaps** Stainless steel V2A 1.4301, brushed with 240-grit
**Insertion opening** 35 × 325 mm, DIN C4 landscape
**Standard** DIN EN 13724

### NELLY design and operation

**Lettering** Individual laser engraving in BML Lasercut font
**Nameplate** Interchangeable nameplate under the insertion flap
**Mail retention bar** Integrated in each mailbox
**Mail retrieval** Front access
**Door opening** From left to right
**Locking system** Depending on the selected product configuration

### Installation and construction

**Type of installation** Surface-mounted wall installation
**Cladding** Protective canopy + side cladding made from 1.5 mm stainless steel V2A 1.4301, powder-coated
**Lettering panel** Applied panel on the protective canopy with individual laser engraving
**Assembly** Mounting rail including fixing materials for wall installation
**Manufacture** Made in Germany by Briefkasten Manufaktur Lippe

#### Note on weather protection

Mail is optimally protected from moisture and dirt when fully inserted and with the insertion flap closed. Protruding items may prevent the flap from closing completely.

#### Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fastenings must be suitable for the existing wall construction and the weight of the unit.

## Product properties

| | |
|---|---|
| **Material** | Steel, galvanised, Stainless steel V2A 1.4301 |
| **Series** | BASIC |
| **Boxes by volume** | Normal > 10 litres |
| **Number of boxes** | with 4 letterboxes |
| **Name labelling** | Nameplate |
| **House number** | House number as laser engraving |
| **Removal of mail** | On the front |
| **Mounting type** | Surface-mounted |
