22-unit 8x3 surface-mounted mailbox system Design BASIC 385A-7016 AP - RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 22 mailboxes

Product number 385A-7016-22W

Product description

Wide surface-mounted mailbox system BASIC 385A for 22 households – RAL 7016 Anthracite grey

The BASIC 385A surface-mounted mailbox system for 22 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W-version distributes the mailboxes across a multi-column front and keeps the overall installation lower and more compact in proportion.

The mailboxes are made from galvanised steel and are powder-coated in RAL 7016 Anthracite grey fine texture matt. The close-fitting cladding with a weather canopy unites the individual compartments into a continuous, modern surface-mounted installation.

Each mailbox measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm insertion opening is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with key number and a changeable nameplate located under the insertion flap.

Key benefits of the BASIC 385A surface-mounted system at a glance

Weather canopy and side panels

The weather canopy and side panels combine the individual mailboxes into a continuous surface-mounted installation. The coordinated cladding provides a calm front and a neat finish against the façade.

DIN C4 insertion and 12 litres capacity

The 300 × 110 × 385 mm (W × H × D) compartments each offer approx. 12 litres of volume. The 35 × 265 mm insertion opening also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two keys with key number and protected changeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixing materials with screws and wall plugs are included in the described specification.

Durable finish in RAL 7016

The anthracite grey fine-texture finish gives the system a modern appearance and protects the galvanised steel for daily use on the building. The system is manufactured in Germany at the Briefkasten Manufaktur.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 22 separately lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Capacity Approx. 12 litres per mailbox
Material Galvanised steel, powder-coated in RAL 7016 Anthracite grey fine texture matt
Finish RAL 7016 Anthracite grey fine texture matt
Standard DIN EN 13724

Mail and operation

Insertion opening 35 × 265 mm, suitable for DIN C4 portrait
Insertion flaps With sound-dampening rubber lip
Mail retrieval Front access
Door opening Left to right
Keys 2 keys with key number per mailbox
Nameplate Changeable nameplate below the insertion flap

Cladding and wall mounting

Side cladding Close-fitting design
Weather canopy Solid, matching the system
Type of installation Surface-mounted wall installation
Installation aid Mounting rail
Fixings Screws and wall plugs included; check suitability for the wall construction on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall installation

The wall must be level and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be specified on site.

Briefkasten Manufaktur Lippe GmbH

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the insertion flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Material	Steel, galvanised
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Number of boxes	with 22 letterboxes
Surface/colour	RAL 7016 anthracite grey
Removal of mail	On the front
Mounting type	Surface-mounted
