Flush-mounted nameplate for BASIC letterbox - 2-part - carrier plate + nameplate | Stainless steel, brushed

Product number 789-E-2T-VA

Product description

Flush-fitting nameplate for BASIC letterbox - 2-part - carrier plate + nameplate optionally with laser inscription

This nameplate can be replaced with the plastic nameplate for the BASIC letterboxes. The flush-mounted look makes the letterbox look much more elegant and modern with this nameplate. The nameplate is made of stainless steel V2A 1.4301 and can be powder-coated as required. The nameplate is in two parts, consisting of a carrier plate (self-adhesive) and the nameplate for screwing. This guarantees that the nameplate can be easily replaced when the tenant changes.

- Nameplate made of 2 mm stainless steel V2A 1.4301, ground or powder-coated.
- Consisting of carrier plate and nameplate. The carrier plate is self-adhesive and is glued in on the back for installation.
- Optionally with laser labelling. The size of the lettering is adapted to the space available and the number of characters.

Product properties

Material	Stainless steel V2A 1.4301
Name labelling	Laser-engraved
Surface/colour	Brushed
