Design surface-mounted mailbox GOETHE AP - RAL colour of your choice | 100mm depth | with 1 mailbox

Product number 215-AP-1-100

Product description

Design surface-mounted mailbox GOETHE® AP - RAL of your choice

The modern surface-mounted mailbox GOETHE® is ideal for a sophisticated entrance area. Its clean-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the single compartment allow a capacity of approx. 16 or 32 litres; the large mail slot ensures that C4 envelopes, magazines or post accumulated during several days away do not become creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents your mail from falling out. The water-drip edge ensures that the internal mail is optimally protected from the weather. The letter flap is fitted with high-quality hinge dampers, guaranteeing quiet closure and preventing annoying rattling caused by weather conditions.

The surface-mounted mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-assembly. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Letters are inserted and removed from the front. Letter flap with high-quality hinge dampers for very quiet insertion of mail.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without bending.
- Collection door opens from top to bottom, preventing your mail from falling out.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Optimal weather protection through rain-drip edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Includes mounting rail for wall installation.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be positioned under an overhang.

Postal items are only protected from water if they are placed completely inside the box and the letter flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not valid grounds for a complaint.
