Designer freestanding letterbox GOETHE LIB - LED design element - RAL of your choice | without newspaper compartment | with 1 mailbox

Product number 215-LIB-1

Product description

Designer freestanding letterbox GOETHE® LIB - LED design element - RAL colour of your choice

High-quality manufactured freestanding letterbox with elegant stainless-steel rectangular tube stand including LED design element. The modern GOETHE® letterbox is ideal for the discerning entrance area. The straightforward shape without a visible lock gives this letterbox an especially elegant appearance.

The dimensions of the single box allow a capacity of approx. 16 litres; the large opening ensures that even DIN-C4 envelopes and magazines, or post accumulated during several days of absence, are not creased. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning necessary) and the door opens. The arrangement of the lock is designed so that the collection door prevents the mail from falling towards you. The internal mail is optimally protected from the weather by the water run-off edge. The inlet flap is fitted with high-quality dampers, ensuring quiet closing and preventing annoying rattling caused by weather conditions.

The letterbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the construction, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox with stand element and stainless-steel letterbox.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Flat LED lighting unit as a design element. LED 3000 K 395 x 100 x 5 mm, IP65, 2-metre supply cable, 24 Volt, 10 Watt, frosted acrylic edges, including LED power supply.
- Letterbox (W x H 400 x 400 mm) made of stainless magnetic steel 1.4016, powder-coated in a RAL colour of your choice.
- Innovative push-key lock with 2 keys.
- Mail insertion and removal are from the front. Inlet flap with high-quality dampers for very quiet mail insertion.
- The letterbox conforms to DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large envelopes fit without folding.
- The collection door opens from top to bottom. This prevents mail from falling out towards you.
- Optional name labelling approx. 15–20 mm high.
- Optional house number labelling approx. 70–80 mm high.
- Optimal protection from rain thanks to rain run-off edges.
- The stand post is made from 2 mm stainless-steel rectangular tube, powder-coated in a RAL colour, with a 6 mm base plate for screw mounting.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the inlet flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
Number of bell push buttons	1 button
