Surface-mounted mailbox system STORM for 6 households – 2-column – RAL 7016 anthracite grey | RAL 7016 Anthracite grey, fine texture, matt | with 6 letterboxes (2x3)

Product number 480A-6S-7016

Product description

Surface-mounted mailbox system STORM for 6 units – RAL 7016 Anthracite grey

Six separate mailboxes make this STORM system a premium solution for apartment buildings, smaller residential complexes and commercial properties. The taller, narrower design uses the available wall space efficiently while still providing each user with a full-size mailbox.

All mailboxes as well as the rain hood and side cladding are made from high-quality galvanised steel. The powder coating in RAL 7016 Anthracite grey fine-textured matt provides a premium, homogeneous surface across the entire unit.

Each of the 6 mailboxes features a 35 × 340 mm insertion opening for DIN C4 in landscape orientation, a sound-dampening insertion flap with high-quality rubber buffers, and a downward-opening retrieval door with opening stop. Mail retention bars, individual locks and interchangeable nameplates ensure clear allocation and convenient use.

The advantages of the STORM surface-mounted mailbox system at a glance

Ideal for apartment buildings with limited wall width

Six separate mailboxes make this STORM system a premium solution for apartment buildings, smaller residential complexes and commercial properties. The taller, narrower design uses the available wall space efficiently while still providing each user with a full-size mailbox.

High-quality construction from galvanised steel

Mailboxes, rain hood and side cladding are manufactured from galvanised steel. The robust material base is designed for long-term use in entrance areas and gives the STORM system a solid, premium construction.

RAL 7016 Anthracite grey – fine-textured matt

The entire visible unit is uniformly powder-coated in RAL 7016 Anthracite grey fine-textured matt. The finely textured, matt surface appears premium and modern and combines particularly well with contemporary façades, doors and window profiles.

Comfortably insert DIN C4 mail

The 35 × 340 mm insertion openings are designed for DIN C4 mail in landscape format. Larger envelopes can also be inserted without bending.

Thoughtful everyday comfort

Sound-dampening rubber buffers, downward-opening retrieval doors with opening stop and integrated mail retention bars make daily use pleasant. Individual locks and protected interchangeable nameplates ensure clear allocation.

Equipment of the STORM surface-mounted mailbox system

Construction and surface

Configuration 2 columns × 3 rows
Mailboxes 6 individually lockable mailboxes
Mailbox material Galvanised steel
Rain hood and side cladding Galvanised steel
Surface RAL 7016 Anthracite grey fine-textured matt
Standard Mailboxes conforming to DIN EN 13724

Mail convenience

Insertion opening 35 × 340 mm per mailbox, suitable for DIN C4 landscape
Insertion flaps With high-quality, sound-dampening rubber buffers
Mail retrieval Front-facing, downward-opening door with opening stop
Mail retention bar Integrated in each mailbox
Keys 12 keys in total, 2 per mailbox
Nameplates 6 protected interchangeable nameplates, one per unit

Installation and manufacturing

Installation type Surface-mounted wall installation
Mounting screws Included in delivery
Application Ideal for apartment buildings with limited wall width
Manufacturing Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

For optimal protection of deposited mail we recommend installation under a canopy or in a sheltered entrance area. Mail items must be fully inserted so that the insertion flaps can close completely.

Note on wall installation

Briefkasten Manufaktur Lippe GmbH

Before installation, the load-bearing capacity and condition of the wall must be checked. Depending on the masonry, concrete or façade construction, additional wall plugs or special fastening systems may be required. The supplied mounting screws should be used according to the specific installation situation or professionally supplemented where necessary.

Product properties

Material	Steel, galvanised
Series	STORM
Number of boxes	with 6 letterboxes
Boxes by volume	Normal > 10 litres
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey
Name labelling	Laser-engraved
Removal of mail	On the front
Mounting type	Surface-mounted
