Product description

11-unit 6x2 stainless steel flush-mounted letterbox system BASIC Plus 382XU UP - brushed stainless steel - 11 households

Modern flush-mounted letterbox for 11 households - made in Germany by Briefkasten Manufaktur.

The letterbox is made entirely from stainless steel V2A, brushed. The very high-quality workmanship and the well-thought-out concept make this flush-mounted letterbox one of our top sellers. A drip edge for optimal water protection, a continuous rubber lip for quiet posting, the solid interchangeable nameplate, a practical mail retention bracket and the very robust lock characterise this flush-mounted letterbox. The recessed frame made of stainless steel V2A is fitted with a sponge rubber seal and guarantees very high durability.

The letterbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility/modularity, easy spare-part installation and straightforward self-installation. Spare parts are directly available for all BASIC Plus systems.
