Flush-mounted mailbox GOETHE UP with newspaper compartment - Design Elegance 2 - RAL colour of your choice | with newspaper compartment | 100mm depth

Product number 215-UP-E2-ZF-1-100

Product description

Flush-mounted mailbox GOETHE UP with newspaper compartment - Design Elegance 2 - RAL colour of your choice

The modern flush-mounted mailbox GOETHE is ideal for sophisticated entrance areas. Its straight-lined design without a visible lock gives this mailbox a particularly elegant appearance. The contemporary look with a stainless steel fascia matches many of the latest-generation front door designs perfectly.

The dimensions of the single unit allow a capacity of approx. 16 or 32 litres; the large slot ensures that even DIN C4 envelopes and magazines — or mail accumulated during several days' absence — do not become creased. The innovative Push-Key lock is invisibly concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the water drainage edge, items placed inside are optimally protected from the weather. The insertion flap is fitted with high-quality pivot dampers, ensuring a quiet close and avoiding annoying rattling caused by weather conditions.

The newspaper compartment is particularly convenient, as the newspaper can be placed in completely. This keeps the paper protected from the weather and allows it to be inserted without creasing. To retrieve it, the flap is simply opened upwards and the newspaper can be removed comfortably.

The GOETHE collection mail systems are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part replacement and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction method, self-installation is uncomplicated.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- Flush-mounted mailbox completely made of stainless steel.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Interchangeable appliqués in stainless steel V2A 1.4301, 240-grit brushed.
- Mailbox (BH 400x400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Letters are inserted and removed from the front. Insertion flap with high-quality pivot dampers for very quiet posting of mail.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large items fit in without being bent.
- The collection door opens from top to bottom, preventing your post from falling out towards you.
- Optional name inscription approx. 10–25 mm high.
- Optional house number inscription approx. 50–80 mm high.
- Newspaper compartment (BH 400x200 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice with stainless steel appliqué and laser inscription "NEWSPAPER" (font ARIAL; if name/house number is chosen, it will be in your selected font).
- Newspaper compartment opens from bottom to top.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed fully inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), Brushed, RAL 9007 grey aluminium, RAL 9016 traffic white
