2-unit 1x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 2 letterboxes (1x2)

Product number 215-AP-2S

Product description

2-unit 1x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 2-household surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a demanding entrance area. The clean-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines — or mail accumulated during several days' absence — do not arrive creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the opening (no turning required) and the door opens. The lock is positioned so that the retrieval door prevents your post from falling out. The internal post compartment is optimally protected from the weather by the water drain edge. The flap is fitted with high-quality axle dampers for a quiet closing action and to prevent rattling caused by weather. The replaceable nameplates made of Plexiglas can be conveniently accessed from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an insert for advertising Yes/No.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility/modularity, easy spare parts assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 2-unit surface-mounted mailbox in stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys per household.
- Letter insertion and retrieval are from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Retrieval doors open from top to bottom, preventing your post from falling out.
- Plexiglas nameplate for name inscription and a second nameplate with advertising Yes/No per household.
- Optional house number labelling approx. 70–80 mm high.
- Optimal weather protection through drip edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Incl. mounting rail for wall installation.

Important information:

To ensure optimal protection of your post from water, the mailbox or mailbox system should, where possible, be positioned under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress does not constitute grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
