Designer freestanding letterbox GOETHE ST-Q - RAL colour of your choice | 100mm depth | with 1 mailbox

Product number 215-STQ-1

Product description

Design freestanding letterbox GOETHE ST-Q - RAL of your choice

High-quality manufactured freestanding letterbox with elegant rectangular stand elements. The modern GOETHE letterbox is ideal for an upscale entrance area. The straight-lined design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the individual units provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines — or post accumulated during several days' absence — are not creased. The innovative Push-Key lock is concealed invisibly inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the retrieval door prevents the post from falling out towards you. Thanks to the water runoff edge, the post inside is optimally protected from the weather. The insertion flap is fitted with high-quality pivot dampers, ensuring a quiet close and preventing annoying rattling caused by weather.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and uncomplicated self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox made of stainless steel and aluminium.
- Letterboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative Push-Key lock with 2 keys per unit.
- Letters are inserted and retrieved from the front. Insertion flap with high-quality pivot dampers for very quiet insertion of post.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit in here without bending.
- The retrieval door opens from top to bottom, so the post cannot fall towards you.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Optimal protection against rain due to rain runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- The W 40 mm x D 80 mm support posts are made from 2 mm stainless steel V2A 1.4301, powder-coated in a RAL colour, for concreting in or for bolt mounting.

Important information:

To achieve optimal protection of your post from water, the letterbox or letterbox system should, where possible, be installed under a canopy.

Postal items are only protected from water if they are placed completely inside the box and the insertion flap is closed. Post that is not fully inserted may allow moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
