Product number 382XA-3S-SP-100-M

Product description

3-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell compartment - RAL colour of your choice

High-quality surface-mounted mailbox for 3 households, made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical mail retention bar and the very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and uncomplicated DIY installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, DIY installation is straightforward. The mailbox system is prepared for uncomplicated complete installation; there is no need for complex wall mounting of individual boxes. 3-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour.

The advantages at a glance

Stainless steel side cladding with rain hood

Side cladding and rain hood are made of stainless steel V2A, powder-coated in a RAL colour of your choice and complement the unit as coordinated weather protection.

Generous letter slot

Briefkasten Manufaktur Lippe GmbH

Ust.ID.Nr. DE303690847
Handelsregister Amtsgericht Lemgo, HRB 8618

The slot measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damper with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell/intercom panel made of stainless steel V2A, powder-coated in a RAL colour. The stainless steel bell push Type 4 is used as the bell button. Optionally prepared with a speaking grille for the installation of standard interchangeable intercom systems or built-in loudspeakers. (Intercom system/built-in loudspeaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacturing and thoughtful design

The unit is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for easy DIY installation.

Equipment and product details

Mailbox system

Handelsregister Amtsgericht Lemgo, HRB 8618

The postal items are best protected from moisture and dirt when fully inserted and with the letter flap closed. Protruding items can prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fixing must be matched to the weight of the unit and the existing wall structure.

Product properties
