Product description

Mailbox BRENTANO® with newspaper compartment - Design Elegance 2 - RAL of your choice

The BRENTANO® mailbox with invisible lock and an elegant 100 mm stainless steel front panel, including name inscription and house number in grey, combines modern design with first-class functionality. Manufactured from high-quality materials and powder-coated, it impresses not only as a stylish design element for your home but also through its durability. The clean lines and careful workmanship make the BRENTANO® mailbox the ideal choice for the highest design standards. Thanks to its robust construction it is particularly weather-resistant and ensures reliable protection for your post. Perfect for those who value design and function in harmonious balance.

The generous dimensions of the BRENTANO® design mailbox provide a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without bending – even after several days away. The top entry ensures comfortable handling. In addition, the mailbox is equipped with dampers that ensure a smooth and quiet closing of the flap. The innovative Push-Key lock, which is concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the access door prevents your post from falling out when opened. Manufactured from stainless steel as well as galvanised steel and additionally powder-coated, this mailbox is particularly durable and of high-quality construction.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly simple handling: with just one hand you can open the mailbox, remove the post and close it again. Protected by a utility model (DPMA file number DE: 20 2021 101 679.5), this innovation offers a genuine added value.

Thanks to the design, self-assembly is straightforward.

- High-quality surface-mounted mailbox, powder-coated.
- Quality manufacture - Made in Germany
- Design Elegance 2: 100 mm stainless steel front panel, brushed to 240-grit finish.
- Innovative Push-Key lock including 2 keys with key number. Convenient closing without turning the key.
- Mailbox body made from 1.5 mm galvanised steel.
- Access door made from 1.5 mm stainless steel V2A 1.4301 with opening limiter, opens from top to bottom. The retaining plate prevents your post from falling out.
- Top entry.
- The entry flap has an opening limiter that prevents it touching the wall. In addition, high-quality dampers ensure the flap closes quietly and gently.
- The mailbox complies with DIN/EN 13724. Entry size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in without bending.
- Newspaper compartment (W x H 400 x 120 mm) made from 1.5 mm galvanised steel, powder-coated. Open on both sides.
- Individual UV- and weather-resistant laser engraving.
- For surface wall mounting; includes mounting screws and spacers.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the entry flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a basis for a complaint.

Product properties
