2-unit 1x2 designer freestanding letterbox GOETHE ST-R - RAL colour of your choice | 100mm depth | with 2 letterboxes (1x2)

Product number 215-STR-2S

Product description

2-unit 1x2 design freestanding letterbox GOETHE ST-R - RAL colour of your choice

High-quality manufactured 2-party freestanding letterbox with elegant round-tube stand elements. The modern GOETHE letterbox is ideal for an upscale entrance area. The straight-lined design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that even DIN C4 envelopes and magazines — or post accumulated during several days of absence — are not creased. The innovative push-key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning necessary) and the door opens. The position of the lock is designed so that the collection door prevents your post from falling towards you. Thanks to the water runoff edge, the internal post is optimally protected against the weather. The mail flap is fitted with high-quality axle dampers, ensuring quiet closing and preventing rattling caused by weather. The replaceable Plexiglas nameplates can be easily operated from the front; for the best appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate includes an advertising Yes/No insert.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility/modularity, simple spare-part assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- 2-unit freestanding letterbox made of stainless steel and aluminium.
- Letterboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per household.
- Mail is deposited and retrieved from the front. Mail flap with high-quality axle dampers for very quiet insertion of post.
- The letterboxes comply with DIN/EN 13724. Insertion aperture (3.5 cm x 36.0 cm) for C4 (landscape); large letters fit without bending.
- Access doors open from top to bottom. This prevents the post from falling out towards you.
- Plexiglas nameplate for name inscription and a second nameplate with advertising Yes/No per household.
- Optional house number labelling approx. 70–80 mm high.
- Optimal rain protection through drip/runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Rear panel made of 1 mm stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- The support posts consist of 60.3 mm stainless steel V2A 1.4301, brushed, for screw mounting or for setting in concrete.

Important information:

To achieve optimal protection of your post from water, the letterbox or letterbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the letterbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
