21-unit (7x3) surface-mounted mailbox system Design BASIC 385A- VA AP - stainless steel V2A, brushed | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | Stainless steel, brushed | with 21 mailboxes

Product number 385A-VA-21W

Product description

Wide surface-mounted mailbox system BASIC 385A for 21 households – stainless steel V2A, brushed

The BASIC 385A surface-mounted mailbox system for 21 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W-design distributes the mailbox compartments across a multi-column front and keeps the overall system lower in relation and more manageable.

The mailbox system is made from high-quality stainless steel V2A with a brushed finish. Mailboxes, cladding and rain canopy form a timeless, low-maintenance and robust stainless steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm insertion opening is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with key number and an interchangeable nameplate located under the insertion flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Rain canopy and side cladding

The rain canopy and side panels combine the individual mailboxes into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish against the facade.

DIN C4 insertion and 12-litre volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm insertion opening also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two numbered keys and protected interchangeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct facade mounting. A mounting rail simplifies installation; fixings with screws and wall plugs are included in the described specification.

Completely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for durable surface-mounted mailbox systems. The unit is manufactured in Germany by Briefkasten Manufaktur Lippe.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 21 individually lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A 1.4301, brushed
Surface Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Insertion opening 35 × 265 mm, suitable for DIN C4 portrait
Insertion flaps With noise-damping rubber lip
Mail collection From the front
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the insertion flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Solid design matching the unit
Installation method Surface-mounted wall installation
Mounting aid Mounting rail
Fixing material Screws and wall plugs included; suitability for the on-site wall construction must be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall structure; for other substrates or thermal insulation composite systems, appropriate fixing solutions must be specified on site.

Briefkasten Manufaktur Lippe GmbH

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the insertion flap is closed. Overhanging letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Number of boxes	with 21 letterboxes
Mounting type	Surface-mounted
