**Product number** 215-STL-PK600-1BK-SPL-LOX1

## Product description

### Freestanding XXL parcel box GOETHE with 1 mailbox and LOXONE Intercom/Code Touch 1x1 prepared on the left - airlock system - RAL colour of your choice

Parcel delivery has changed significantly in recent years – today customers expect more flexibility and security than ever before. With the **GOETHE parcel mailbox** from Briefkasten Manufaktur you choose an optimal combination of innovative technology and outstanding design, manufactured from high-quality stainless steel and aluminium, powder-coated in the RAL colour of your choice. The column is **prepared for LOXONE Intercom/Code Touch 1x1**. The flush-mounted design enables seamless integration of a LOXONE system module (not included) via a well-thought-out mounting system. The preparation is specifically intended for 1 LOXONE Intercom (including cut-out for sound emission).

The **mailbox** (HxW 400x400 mm) is made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in an RAL colour of your choice. It is equipped with an innovative Push-Key lock, keyed alike with the parcel box, and supplied with ten keys. Letters are inserted and retrieved from the front. The insertion flap is fitted with high-quality dampers, allowing mail to be inserted particularly quietly. The mailbox complies with **DIN/EN 13724** with an insertion size of 3.5 x 36.0 cm – sufficient for C4 envelopes in landscape format without bending. The retrieval door opens downwards, so your mail cannot fall out towards you. The mailbox dimensions provide a capacity of approx. 64 litres. The innovative Push-Key lock is discreetly hidden inside: the key is simply inserted – without turning – and the door opens.

Briefkasten Manufaktur Lippe GmbH

The generous **parcel box** (HxW 600x1200 mm) is also made from stainless steel 1.4016, powder-coated in an RAL colour of your choice. It has a volume of 192 litres and allows delivery of parcels up to a size of 555 x 375 x 305 mm (WxHxD), which corresponds to DHL parcel size L. The parcel insertion flap is damped and closes very quietly. Thanks to the specially developed delivery airlock, your parcel is automatically transferred into the secured retrieval compartment after being placed inside. The airlock is immediately ready for further deliveries and remains isolated from the retrieval compartment – so your consignments are optimally protected at all times. Any delivery service (e.g. DHL, DPD, TNT, GLS, Hermes) can use the parcel mailbox. Depending on placement, up to four DHL parcels of size M may even fit inside.

Briefkasten Manufaktur places the greatest importance on high-quality materials. Stainless steel provides extremely high corrosion resistance and an elegant surface finish. Quality assurance begins with the selection of our raw material suppliers and only ends when the parcel mailbox arrives with you in the required quality. Trust the **GOETHE parcel mailbox** – a secure, flexible and stylish solution for your mail and parcel delivery. A product that combines traditional craftsmanship with the latest technology – Made in Germany by Briefkasten Manufaktur Lippe.

- High-quality parcel mailbox made from stainless steel and aluminium, powder-coated in the colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (HxW 400x400 mm) made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in an RAL colour of your choice with stainless steel laser inscription pictogram "LETTER".
- 2 innovative Push-Key locks with 10 keys, keyed alike.
- Letters are inserted and retrieved from the front. Insertion flap with high-quality dampers for very quiet insertion of mail.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape envelopes, so large letters also fit without bending.
- Retrieval door opens from top to bottom. This prevents your mail from falling out towards you.
- Parcel box (HxW 600x1200 mm) made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in an RAL colour of your choice with stainless steel laser inscription pictogram "PARCEL".
- Parcel compartment volume: 192 litres, Max. parcel dimensions: 555 x 375 x 305 mm (WxHxD), which corresponds to parcel size L.
- Parcel insertion flap with damping for quiet closing.
- Function compartment (HxW 200x400 mm) made from stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in an RAL colour of your choice.
- The LOXONE Intercom can be seamlessly integrated into the flush design and replaced at any time. Preparation is provided for 1 LOXONE Intercom (including cut-out for sound emission). WITHOUT LOXONE intercom/system components!
- Optimal rain protection through rain runoff edges and a rain roof made from 3 mm aluminium AlMg3 W19, powder-coated in an RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in an RAL colour of your choice.
- Rear panel made from 1 mm stainless steel 1.4301 V2A, powder-coated in an RAL colour of your choice.
- Base made from 40x40x2 mm stainless steel tube 1.4301 V2A, powder-coated in an RAL colour of your choice.
- Invisible fixing and cable routing within the column. The overall height is 1.65 m.

## Important information

Water protection

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be located under an overhang.

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60
32105 Bad Salzuflen

www.briefkasten-manufaktur.de

Handelsregister Amtsgericht Lemgo, HRB 8618

Mail items are only protected from water if they are placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for a complaint.

## Product properties

| | |
|---|---|
| **Surface/colour** | RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white |
