Designer flush-mounted letterbox GOETHE UP - Bi-Colour Edition - VA/RAL of your choice

Product number 215-UP-1-VARAL

Product description

Design Recessed Letterbox GOETHE UP - BI-Color Edition - VA-RAL of choice

The modern recessed letterbox GOETHE in a contemporary BI-Color finish is ideal for an upscale entrance area. Its linear shape without a visible lock gives this letterbox an especially elegant appearance.

The dimensions of the single box provide a capacity of approx. 16 litres; the large aperture ensures that DIN C4 envelopes and magazines, or post accumulated during several days' absence, do not become creased. The innovative Push-Key lock is concealed inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the collection door prevents mail from falling out towards you. Thanks to the drip edge, the internal mail is optimally protected from the weather. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather conditions.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility/modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly from our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- Recessed letterbox with powder-coated body and frame and front panels made of stainless steel V2A 1.4301, brushed.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Letterbox (BH 400x400 mm) with body made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys.
- Letters are inserted and removed from the front. Soft-close insertion flap with high-quality hinge dampers for gentle closing.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit in without being creased.
- Collection door opens from top to bottom. This prevents your mail from falling out towards you.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

For optimal protection of your mail from water, the letterbox or letterbox system should, if possible, be positioned under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against ingress of water in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), Brushed, RAL 9007 grey aluminium, RAL 9016 traffic white
