Product number 803-RALE3-ZF-STBP

Product description

Design freestanding letterbox BRENTANO® ST-BP with newspaper compartment - Design Elegance 3 - RAL colour of your choice

The BRENTANO® letterbox with an elegant rectangular tube stand element, integrated newspaper compartment, concealed lock and slim stainless steel front panel including name inscription in grey combines modern design with first-class functionality. Manufactured from high-quality materials and powder-coated, it impresses not only as a stylish design feature for your home but also with its durability. The clear lines and careful workmanship make the BRENTANO® letterbox the ideal choice for the highest design standards. Thanks to its robust construction it is particularly weather-resistant and ensures reliable protection for your post. Perfect for anyone who values a harmonious balance of design and function.

The generous dimensions of the BRENTANO® design letterbox provide a capacity of approx. 20 litres, so larger items such as C4 envelopes or magazines can be received without creasing – even after several days away. The top entry ensures comfortable handling. In addition, the letterbox is equipped with dampers that ensure a soft and quiet closing of the flap. The innovative Push-Key lock, concealed inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and the retrieval door prevents your post from falling out when opened. Manufactured from stainless steel and galvanised steel and additionally powder-coated, this letterbox is particularly durable and of high-quality workmanship.

The unique one-handed operating concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly simple handling: you can open the letterbox, remove your post and close it again using only one hand. Protected by a utility model (DPMA file reference DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to the construction, self-assembly is straightforward.

- High-quality freestanding letterbox, powder-coated in RAL colour of your choice.
- Design Elegance 3: slim 20 mm stainless steel front panel, brushed with a 240-grit finish.
- Quality manufacture - Made in Germany
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without turning the key.
- Letterbox body made from 1.5 mm galvanised steel.
- Retrieval door made from 1.5 mm stainless steel V2A 1.4301 with opening stop, opens from top to bottom. The retention plate prevents your post from falling out when opened.
- The entry is from the top, and the flap is equipped with an opening stop and high-quality dampers that enable silent closing.
- The letterbox complies with DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) for C4 in landscape orientation; large letters also fit without bending.
- Newspaper compartment (W x H 400 x 120 mm) made from 1.5 mm galvanised steel, powder-coated. Open on both sides.
- Individual UV- and weather-resistant laser engraving.
- The support post consists of W 80 mm x D 40 mm stainless steel V2A 1.4301, powder-coated in an RAL colour for screw mounting or for concreting in.

Important information:

To achieve optimal water protection for your post, the letterbox or letterbox system should, where possible, be located under a canopy.

Post is only protected from water if it is placed completely inside the box and the flap is closed. Post that is not fully inserted allows moisture and dirt to enter the letterbox. This installation is protected against ingress of water in accordance with DIN EN 13724. Water ingress is not a valid reason for complaint.
