Product description

5-unit 2x3 Stainless Steel Recessed Letterbox System BASIC Plus 382XU UP - RAL colour of your choice - 5 households

Modern recessed letterbox for 5 households - made in Germany by Briefkasten Manufaktur.

The letterbox is made entirely from stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this recessed letterbox one of our top sellers. A rain-drip edge for optimal water protection, a continuous rubber lip for quiet posting, the solid interchangeable nameplate, a practical mail retention bar and the very robust lock characterise this recessed letterbox. The recessed frame made from stainless steel V2A is equipped with a foam rubber seal and guarantees very high durability.

The letterbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

Important Information

Preparation for camera or intercom station

The intercom systems must be connected by a qualified electrician. For planning, installation and commissioning, contact the electrician you trust.

Water protection

Mail is only protected from moisture and dirt when fully inserted and with the flap closed. Under certain extreme weather conditions water can still enter (according to DIN EN 13724 up to 1 cm^3). This is not grounds for a complaint.
