Product number 803-7016VA-ZF-AP

Product description

Design letterbox BRENTANO® - BI-Colour stainless steel brushed - RAL 7016 anthracite grey

The BRENTANO® letterbox with invisible lock combines modern design with first-class functionality. Manufactured from high-quality materials and powder-coated, it impresses not only as a stylish design element for your home but also with its durability. The clean lines and careful workmanship make the BRENTANO® letterbox the ideal choice for the highest design standards. Thanks to its robust construction it is particularly weather-resistant and ensures reliable protection for your post. Perfect for anyone who values design and function in harmonious balance.

The generous dimensions of the BRENTANO® design letterbox provide a capacity of approx. 20 litres, allowing larger items such as DIN C4 envelopes or magazines to be received without bending – even after several days away. The top entry ensures comfortable handling. In addition, the letterbox is equipped with dampers that ensure a smooth and quiet closing of the entry flap. The innovative Push-Key lock, concealed invisibly inside, allows opening without turning the key – simply insert the key into the opening and the door opens effortlessly. The clever arrangement of the lock and collection door prevents your mail from falling out when opened. Constructed from stainless steel and galvanized steel and additionally powder-coated, this letterbox is especially durable and of high quality.

The unique one-handed operation concept with the Push-Key lock, available exclusively from Briefkasten Manufaktur Lippe, allows particularly easy handling: with just one hand you can open the letterbox, remove the post and close it again. Protected by a registered utility model (DPMA file reference DE: 20 2021 101 679.5), this innovation offers real added value.

Thanks to its design, self-assembly is straightforward.

- High-quality surface-mounted letterbox, powder-coated in RAL 7016 anthracite grey.
- Quality manufacturing - Made in Germany
- Innovative Push-Key lock including 2 keys with key number. Convenient locking without turning the key.
- Letterbox body made from 1.5 mm galvanized steel.
- Collection door made from 1.5 mm stainless steel V2A 1.4301, brushed, with opening restrictor, opens from top to bottom. The holding plate prevents your post from falling out.
- Top entry.
- The entry flap has an opening restrictor to prevent it touching the building wall. High-quality dampers also ensure the flap closes silently and gently.
- The letterbox complies with DIN/EN 13724. Entry size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without bending.
- Newspaper compartment (H x W 400 x 120 mm) made from 1.5 mm galvanized steel, powder-coated. Open on both sides.
- Includes self-adhesive, engravable nameplate.
- Individual UV- and weather-resistant laser engraving.
- For surface wall mounting; includes mounting screws and spacers.

Important information:

To achieve optimum protection of your post from water, the letterbox or letterbox system should, if possible, be located under a canopy.

Postal items are only protected from water if they are placed completely inside the box and the entry flap is closed. Post that is not fully inserted allows moisture and dirt to enter the letterbox. This unit is protected against water ingress according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BRENTANO
Functions	Newspaper compartment
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey, Brushed
