10-unit (5x2) design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 10 mailboxes

Product number 215-AP-10-100

Product description

10-unit 5x2 design surface-mounted mailbox system GOETHE AP - RAL of your choice

High-quality manufactured 10-residence surface-mounted mailbox system. The modern GOETHE mailbox is ideal for demanding entrance areas. Its straight-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large letter slot ensures that DIN C4 envelopes and magazines, or mail accumulated during several days' absence, are not creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the retrieval door prevents mail from falling out towards you. The drip edge provides optimal protection for the internal mail against the weather. The letter flap is equipped with high-quality hinge dampers, guaranteeing a quiet closure and preventing disturbing rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently accessed from the front; for an optimal appearance we recommend the flush-fitting nameplate with laser engraving (see Accessories). The second nameplate is fitted with an 'Advertising Yes/No' insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-parts assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA reference DE: 20 2021 101 679.5

- High-quality 10-unit surface-mounted mailbox system made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in an RAL colour of your choice.
- Innovative push-key lock with 2 keys per mailbox.
- Letters are deposited and retrieved from the front. Letter flap with high-quality hinge dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large envelopes fit without being folded.
- Retrieval doors open from top to bottom, preventing your mail from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with 'Advertising Yes/No' per mailbox.
- Optional house number labelling approximately 100–150 mm high.
- Optimal protection from rain thanks to drip edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in an RAL colour of your choice.
- Side panelling made of 3 mm aluminium AlMg3 W19, powder-coated in an RAL colour of your choice.
- Incl. mounting rail for wall installation.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is protected from water only when it is completely deposited inside the box and the letter flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	GOETHE
