2er 1x2 Briefkastenanlage freistehend GOETHE ST-Q-400 - RAL nach Wahl | 400mm depth | with 2 letterboxes (1x2)

Product number 215-STQ-2S-400

Product description

2-unit 1x2 design freestanding mailbox GOETHE ST-Q - RAL colour of your choice

Freestanding 2-part mailbox system with horizontal boxes 400 mm deep and elegant rectangular support elements. The modern GOETHE mailbox is ideal for the discerning entrance area. The clean-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 32 litres; the large mail slot ensures that C4 envelopes and magazines, or mail accumulated during an absence of several days, do not arrive crumpled. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is such that the retrieval door prevents the post from falling out towards you. Thanks to the water drainage edge, the mail inside is optimally protected from the weather. The insertion flap is equipped with high-quality hinge dampers, guaranteeing a quiet close and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-fitting nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The GOETHE collection mail systems are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- 2-unit freestanding mailbox made from stainless steel and aluminium.
- Mailboxes made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per party.
- Mail insertion and retrieval take place from the front. Insertion flap with high-quality hinge dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape, so large letters fit without bending.
- Retrieval doors open from top to bottom, preventing the post from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with Advertising Yes/No per party.
- Optimal rain protection through drainage edges and a rain hood made from 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in a RAL colour of your choice.
- Rear panel made from 1 mm stainless steel V2A 1.4301, powder-coated in a RAL colour of your choice.
- The B 40 mm x D 80 mm support posts consist of 2 mm stainless steel V2A 1.4301, powder-coated in a RAL colour for setting in concrete or for bolted installation.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water when it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
