Freestanding parcel and letterbox KÄSTNER - Design One - RAL 9005 jet black - rear access

Product number 304-STL-9005

Product description

Free-standing parcel letter box KÄSTNER - Design One - RAL 9005 jet black - Removal from the rear

Get a reliable and stylish solution for your parcel deliveries with this free-standing parcel letter box made of robust, galvanised steel. The first-class powder coating in RAL 9005 deep black (matt fine structure) not only gives the body a sophisticated look, but also provides optimum protection against the weather. The elegantly polished stainless steel front panel (240 grit) is permanently UV and weather-resistant thanks to a customised laser engraving - perfect for your personalised motif or name.

The generous parcel compartment with a volume of around 70 litres can safely hold items measuring up to 375 × 295 × 160 mm (W×H×D). The large insertion flap with integrated airlock technology also allows several parcels to be inserted one after the other. Another highlight is the damping of the flap, which enables low-noise closing. For maximum security, the removal door is located at the rear and can be opened from left to right. You can easily remove your mail and parcels at any time using the two keys and a key number supplied.

Installation is straightforward thanks to the included mounting screws. As a free-standing model, the parcel box offers flexible placement options, whether in the front garden or at the edge of the property. Benefit from a durable, corrosion-resistant construction that harmoniously combines function and design - making daily parcel collection child's play.

Thanks to the design, self-assembly is straightforward.
