Designer bench BROCKES - stainless steel - oiled Douglas fir | Oiled Douglas fir | 1500mm (2-seater) | Stainless steel, brushed

Product number 521-VALAE-2-150-VA

Product description

Design bench BROCKES - stainless steel - oiled larch / Douglas fir

The BROCKES bench is modern and full of character and is ideal for unprotected outdoor areas. This bench is part of our bench collection, which effectively sets the scene with its innovative design. With its combination of stainless steel and larch or Douglas fir wood, as well as its ergonomic seat shape, the bench stands for high comfort and design in a class of its own. This bench is 100% handcrafted at Briefkasten Manufaktur.

The side panels made of 8 mm thick stainless steel plates are a particularly striking feature of the Briefkasten Manufaktur benches. The 60 x 40 mm seat planks are made from local wood, but are also available in walnut, oak or FSC® 100%-certified hardwood on request at an extra charge. Our wood with the FSC seal is produced with ecological and sustainable aspects in mind and the entire value chain is subject to an audit. Ask us about this.

Customised lettering and logos for the bench are available on request, so that it can be optimally adapted to your needs. We recommend matching litter bins with ashtrays in the same material and design as our benches.

- Design bench made of stainless steel V2A 1.4301 and larch wood.
- Handcrafted - Made in Germany.
- Side parts made of 8 mm stainless steel V2A 1.4301, 240 grain polished or powder-coated in RAL colour.
- Seat planks made of weather-resistant larch wood or Douglas fir wood, oiled 60 x 40 mm.
- **Larch wood and Douglas fir wood are particularly suitable for outdoor use.** It does not soften when it rains and is also extremely resistant to chemicals, which makes cleaning much easier. Larch and Douglas fir have a reddish to reddish-brown colour. Larch and Douglas fir wood develops a silver-grey patina when exposed to the weather.
- Optional labelling front left on crossbar. Laser labelling approx. 40-50 mm high.
- Side panels with base plates for screw mounting or with adjustable feet for free-standing mounting.
