Designer surface-mounted mailbox GOETHE AP with stainless steel appliqué - RAL colour of your choice | 100mm depth

Product number 215-AP-E1-100

Product description

Design Surface-Mounted Mailbox GOETHE AP - RAL colour of your choice

The modern surface-mounted mailbox GOETHE with replaceable stainless steel appliqué is ideal for an upscale entrance area. Its linear form without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single compartment provide a capacity of approx. 16 or 32 litres; the large slot ensures that DIN C4 envelopes and magazines — or post accumulated during several days away — remain uncreased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents the mail from falling out towards you. Thanks to the water drainage edge, the mail inside is optimally protected from the weather. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather influences.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (H x W 400 x 400 mm) made of stainless steel 1.4016 (non-rusting, magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys.
- Letters are inserted and removed from the front. Insertion flap with high-quality hinge dampers for very quiet posting.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 horizontally; large envelopes fit in without being bent.
- Collection door opens from top to bottom. This prevents your post from falling out towards you.
- Replaceable appliqué made of stainless steel V2A 1.4301, 240-grit brushed.
- Optional name lettering approx. 10–25 mm high.
- Optional house number lettering approx. 35 mm high.
- Optimal protection from rain due to rain runoff edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Including mounting rail for wall installation.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, if possible, be located under an overhang.

Mail is only protected from water when it is placed completely inside the box and the insertion flap is closed. Mail that is not fully pushed in allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a valid reason for complaint.
