Designer surface-mounted letterbox GOETHE AP - LaserCut Edition - RAL colour of your choice

Product number 215-AP-1-LS

Product description

Design surface-mounted mailbox GOETHE® AP - LaserCut Edition - RAL of your choice

The modern surface-mounted mailbox GOETHE® with a LaserCut nameplate for a 3D effect on your inscription is ideal for the demanding entrance area. The linear form without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single compartment provide a capacity of approx. 16 litres; the large insertion slot ensures that DIN C4 envelopes and magazines — or mail accumulated during several days' absence — do not arrive creased. The innovative Push-Key lock is invisibly integrated inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. Due to the arrangement of the lock, this mailbox is designed so that the collection door prevents the mail from falling out towards you. The internal mail is optimally protected from the elements by the water-drip edge. The insertion flap is fitted with high-quality axle dampers to ensure a quiet closing and to prevent annoying rattling caused by weather conditions.

The surface-mounted mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility/modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the design, self-installation is uncomplicated.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- High-quality surface-mounted mailbox made from stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (BH 400x400 mm) made from stainless steel 1.4016 (magnetic stainless steel), powder-coated in RAL of your choice.
- Innovative Push-Key lock with 2 keys.
- Letters are inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without folding.
- Collection door opens from top to bottom. This prevents the mail from falling out towards you.
- With interchangeable LaserCut nameplate made from stainless steel V2A, brushed. The lettering is laser-cut so the underlying material becomes visible, creating an attractive 3D effect.
- Name inscription approx. 20–60 mm high.
- House number inscription approx. 60 mm high.
- Optimal protection from rain thanks to drip edges and a rain hood made from 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in RAL of your choice.
- Incl. mounting rail for wall mounting.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail items are only protected from water if they are placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not grounds for a complaint.
