4-unit freestanding mailbox system Design BASIC - Edition NELLY - Bi-colour VA-RAL 7016 anthracite grey | with 4 mailboxes

Product number 384P-7016VA-4

Product description

4-unit Freestanding Mailbox System BASIC – Edition NELLY – Bi-colour Stainless Steel / RAL 7016 Anthracite Grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a noticeably more individual appearance. The mailbox body is made of galvanised steel and is powder-coated in RAL 7016 Anthracite Grey fine-structure matt, while the letter flaps are made of stainless steel V2A 1.4301 and are brushed with 240 grit. This deliberate bi-colour contrast looks modern and high-quality and can be combined with many front doors, windows and façades. As a freestanding version with four mailboxes, NELLY is intended not only for mail collection but as a neatly designed component of the entrance area. The slim, flush-mounted frame and the engravable rain canopy make the unit a distinctive design element at the property entrance.

The special advantages of Edition NELLY

Rain canopy doubles as the NELLY labelling panel

The rain canopy fulfils two functions in NELLY: it complements weather protection and at the same time becomes a striking labelling surface. Your individual laser engraving for house number and/or street name makes the freestanding unit unmistakeable and personal already at the property entrance.

Bi-colour: RAL 7016 meets brushed stainless steel

The mailbox body is made of galvanised steel and powder-coated in RAL 7016 Anthracite Grey fine-structure matt. The letter flaps, by contrast, are made of stainless steel V2A 1.4301 and are brushed with 240 grit. The rain canopy and support posts are made of stainless steel V2A and are powder-coated; the brushed letter flaps provide the visible stainless-steel accent.

Large aperture for DIN C4

The 35 × 325 mm insertion opening is designed for DIN C4 in landscape format. Larger letters can also be posted without being folded. The mailbox design complies with DIN EN 13724.

Quiet operation in everyday use

The brushed stainless-steel letter flaps are fitted with a noise-dampening rubber seal. A mail retention bracket supports controlled removal, while the doors open from left to right.

Solid stainless-steel support posts 20 × 100 mm

The freestanding NELLY unit is supported by slim yet solid posts made of 2 mm thick stainless steel V2A 1.4301. With a 20 × 100 mm cross-section and a powder-coated surface, the posts appear flush and elegant while providing a stable base for the entire unit.

Equipment and technical features

Material and mailbox

Configuration 4 mailboxes
Mailbox body Steel, galvanised; RAL 7016 Anthracite Grey fine-structure matt
Letter flaps Stainless steel V2A 1.4301, brushed 240 grit
Insertion opening 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Changeable nameplate beneath the letter flap
Mail retention bracket Integrated for each mailbox
Mail removal Front access
Door opening From left to right
Locking system Depending on selected product configuration

Installation and construction

Mounting type Freestanding
Support posts 20 × 100 mm, made of 2 mm stainless steel V2A 1.4301, powder-coated
Rain canopy Stainless steel V2A, powder-coated and usable as a labelling surface
Mounting options For bolted installation or for concreting-in
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60
32105 Bad Salzuflen

Handelsregister Amtsgericht Lemgo, HRB 8618

Mail items are best protected from moisture and dirt when fully inserted and the flap is closed. Oversized items may prevent the flap from closing completely.

Note on stand installation

Depending on the chosen configuration, the support posts are intended for bolted installation on a suitable foundation or for concreting-in. The foundation must be adapted to ground conditions and local circumstances.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Number of boxes	with 4 letterboxes
Name labelling	Nameplate
Mounting type	Free-standing
House number	House number as laser engraving
