## Product description

### Module with add-on socket - Mennekes 1668 - CEE 16A 3p 230V

The modular socket unit is the appropriate complement for modular socket columns and enables a flexible, needs-based configuration of the power distribution. It was designed specifically for use in ORDO socket columns.

The socket module is designed for easy installation. It is inserted into the designated module receptacle of the socket column and securely fixed there. The well-thought-out construction allows quick replacement of individual modules, thereby reducing downtime and enabling efficient expansions.

Add-on socket - CEE 16A 3p 230V. Protection class IP44 (splash water protection). Particularly suitable for camping.
