Design flush-mounted mailbox GOETHE UP - V2A stainless steel, brushed | 100mm depth

Product number 215-UP-1-VA-100

Product description

Design flush-mounted mailbox GOETHE® UP - stainless steel V2A brushed

The modern GOETHE® flush-mounted mailbox in brushed stainless steel is ideal for a sophisticated entrance area. Its clean-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the single compartment provide a capacity of approx. 16 or 32 litres; the large slot ensures that even DIN C4 envelopes and magazines — or post after several days' absence — remain uncreased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the provided opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents the post from falling out towards you. The drip edge protects the internal mail optimally from the weather. The mail flap is fitted with high-quality pivot dampers, ensuring quiet closing and preventing irritating rattling caused by weather conditions.

The mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Flush-mounted mailbox with powder-coated body and front panels/frames made from stainless steel V2A 1.4301, 240-grit brushed.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailbox (HxW 400 x 400 mm) with body made from stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL 9005 deep black, fine-textured matt.
- Innovative push-key lock with 2 keys.
- Letters are inserted and collected from the front. Soft-close mail flap with high-quality pivot dampers for gentle closing.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit without folding.
- The collection door opens from top to bottom, preventing the mail from falling out towards you.
- Optional name lettering approx. 15–20 mm high.
- Optional house number lettering approx. 70–80 mm high.
- Plaster cover frame made from stainless-steel angle profile 25 x 58 mm in stainless steel V2A 1.4301, 240-grit brushed.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located under a canopy.

Postal items are protected from water only when they are placed completely inside the box and the mail flap is closed. Partially inserted items allow moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for a complaint.

Product properties

Series	GOETHE
Material	Stainless steel V2A 1.4301, Stainless steel 1.4016 (non-rusting magnetic stainless steel)
House number	House number as laser engraving
Name labelling	Laser-engraved
Removal of mail	On the front
Number of boxes	with 1 letterbox
Boxes by volume	Large > 16 litres
Mounting type	Flush-mounted
