Product number 382XA-VA-6W-150

Product description

6-unit (3x2) stainless steel surface-mounted mailbox system Design BASIC Plus 382XA AP - V2A stainless steel, brushed

High-quality surface-mounted mailbox system for six households, made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made from V2A stainless steel, brushed. The very high-quality workmanship and the well-thought-out concept make this mailbox system one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet posting, a sturdy replaceable nameplate, a practical post-retention bracket and a very robust lock characterise this surface-mounted mailbox system.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is very high durability and sustainability. The design has been developed by our in-house engineers with a focus on high flexibility and modularity, easy replacement-part installation and straightforward self-assembly. Spare parts are readily available for all BASIC Plus systems.

Thanks to the design, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete installation; there is no need for elaborate wall mounting of individual boxes.

- 6-unit surface-mounted mailbox system with mailboxes made from V2A stainless steel, brushed.
- The system is manufactured by Briefkasten Manufaktur. German quality manufacturing "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion aperture (3.5 cm x 32.5 cm) for C4 landscape; large letters fit without folding.
- Insertion flaps with noise-damping rubber seals for very quiet posting of mail.
- The doors open from left to right.
- Includes two keys with key number, a replaceable nameplate beneath the insertion flap and a post-retention bracket for each mailbox.
- Large capacity via optional mailbox depth +50 mm = approx. 17 l. Suitable for businesses and households with very high volumes of post.
- Includes side cladding and rain canopy made from V2A stainless steel, brushed.
- For wall mounting, including mounting rail and fixings (screws + wall plugs).

Important information:

Post is protected from moisture and soiling only when fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (according to DIN EN 13724 up to 1 cm³). This does not constitute a basis for a complaint.

Product properties

Series	BASIC
