8-unit 4x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 8 mailboxes

Product number 215-AP-8-100

Product description

8-unit 4x2 surface-mounted design mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 8-party surface-mounted mailbox system. The modern mailbox GOETHE is ideal for a sophisticated entrance area. The straight-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large inlet ensures that C4 envelopes and magazines — or post accumulated during an absence of several days — are not creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the water drip edge, the internal post is optimally protected from the weather. The inlet flap is fitted with high-quality hinge dampers, guaranteeing quiet closing and preventing annoying rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently accessed from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction method, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 8-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (rust-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys per party.
- Letter insertion and retrieval are from the front. Inlet flap with high-quality hinge dampers for very quiet insertion of post.
- The mailboxes comply with DIN/EN 13724. Inlet size (3.5 cm x 36.0 cm) suitable for C4 landscape; large letters fit without bending.
- Collection doors open from top to bottom, preventing the post from falling out.
- Plexiglas nameplate for name labelling and a 2nd nameplate with Advertising Yes/No per party.
- Optional house number labelling approx. 100–150 mm high.
- Optimal rain protection through drip edges and a rain canopy made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made from 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Incl. mounting rail for wall installation.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located under a canopy.

Postal items are only protected from water if they are placed completely inside the box and the inlet flap is closed. Post that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
