3-unit (1x3) design drop-through letterbox GOETHE MDW with nameplate - RAL colour of your choice | 300-390mm depth | with 3 mailboxes (1x3)

Product number 215-MDW-3S-390

Product description

3-unit (1x3) design through-wall letterbox GOETHE MDW with nameplate - RAL colour of your choice

The modern 3-unit through-wall letterbox GOETHE is ideal for a refined entrance area. Its clean, linear design gives this letterbox an especially elegant appearance. With a variable chute length between 300 mm and 390 mm or 390 mm and 560 mm, this letterbox can be fitted into almost any masonry.

The dimensions of the individual boxes provide a capacity of approx. 24–44 litres; the large letter slot ensures that even DIN-C4 envelopes and magazines — or post accumulated during several days' absence — are not creased. Thanks to the drip edge the internal mail is optimally protected from the weather. The insertion flap is fitted with high-quality axle dampers to guarantee quiet closing and prevent disturbing rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently accessed from the front; for an optimal appearance we recommend the flush-fitting nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising insert Yes/No.

The letterbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction, self-installation is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 3-compartment through-wall letterbox entirely made of stainless steel.
- Chute made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), untreated.
- Body made from stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- The letterboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit in without being folded.
- Letter slots & access doors made from stainless steel V2A 1.4301, powder-coated in RAL colour of your choice.
- Letters are inserted and removed from the front. Insertion flap with high-quality axle dampers for very quiet mail insertion.
- Access doors open from top to bottom, so your post cannot fall out towards you.
- Plexiglas nameplates for name labelling and a second nameplate with advertising Yes/No per unit.
- Plaster cover frame made from stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.
- Variable chute length 300–390 mm or 390–560 mm. Outer dimensions of letter chute W 380 mm x H 180 mm.
- Outer dimensions front W 450 mm x H 650 mm; rear W 450 mm x H 650 mm.

Important information:

To achieve optimal water protection for your mail, the letterbox or letterbox system should, if possible, be situated under a porch or overhang.

Posted items are only protected from water if they are placed completely inside the box and the insertion flap is closed. Partially inserted mail allows ingress of moisture and dirt into the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
