Designer freestanding letterbox GOETHE ST-Q-200 - RAL colour of your choice | 200mm depth | with 1 mailbox

Product number 215-STQ-1-200

Product description

Design freestanding letterbox GOETHE ST-Q-200 - RAL colour of your choice

High-quality freestanding letterbox manufactured with elegant rectangular support elements. The modern GOETHE letterbox is ideal for the sophisticated entrance area. The straightforward design without a visible lock gives this letterbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres, and the large inlet ensures that DIN C4 envelopes and magazines are not creased, even after several days' absence. The innovative Push-Key lock is invisibly integrated inside the letterbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the rain runoff edge, the interior post is optimally protected from the weather. The insertion flap is fitted with high-quality pivot dampers, ensuring quiet closing and preventing annoying rattling caused by weather conditions.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Self-assembly is straightforward thanks to the construction method.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Freestanding letterbox made of stainless steel and aluminium.
- Letterboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative Push-Key lock with 2 keys per unit.
- Letters are inserted and removed from the front. Insertion flap with high-quality pivot dampers for very quiet posting.
- The letterbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape; large letters also fit without bending.
- The collection door opens from top to bottom, preventing your post from falling out towards you.
- Optional name inscription approx. 15–20 mm high.
- Optional house number inscription approx. 70–80 mm high.
- Optimal protection against rain thanks to rain runoff edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- The 40 mm x 80 mm support posts are made of 2 mm stainless steel V2A 1.4301, powder-coated in RAL colour for concreting in or for screw mounting.

Important information:

To ensure optimal water protection for your post, the letterbox or letterbox system should, where possible, be situated under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Partially inserted mail allows moisture and dirt to enter the letterbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for a complaint.

Product properties
