11-unit 6x2 design flush-mounted mailbox system GOETHE UP - RAL colour of your choice | 100mm depth | with 11 mailboxes

Product number 215-UP-11-100

Product description

11-unit 6x2 design flush-mounted mailbox system GOETHE UP - RAL colour of your choice

High-quality manufactured 11-tenant flush-mounted mailbox system. The modern GOETHE mailbox is ideal for an upscale entrance area. The straight-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual compartments allow a capacity of approximately 16 litres; the large slot ensures that C4 envelopes and magazines — or mail accumulated during several days away — remain uncreased. The innovative push-key lock is invisibly concealed within the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the arrangement of the lock, this mailbox is designed so that the retrieval door prevents mail from falling out towards you. Thanks to the water-drip edge, the internal post is optimally protected from the elements. The insertion flap is fitted with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather. The replaceable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is supplied with an advertising insert Yes/No.

The GOETHE collection mailboxes are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part assembly and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is uncomplicated.

Utility model protected according to DPMA file number DE: 20 2021 101 679.5

- 11-unit flush-mounted mailbox system made entirely of stainless steel.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in a RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per mailbox.
- Letters are inserted and retrieved from the front. Insertion flap with high-quality hinge dampers for very quiet insertion of post.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large envelopes fit without folding.
- Retrieval doors open from top to bottom. This prevents the post from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with an advertising 'Yes/No' insert per mailbox.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located beneath an overhang.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Post that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
