1-unit flush-mounted mailbox system BASIC - Edition NELLY - BI-Color VA-RAL 7016 anthracite grey | with 1 mailbox

Product number 382U-7016VA-BS-1

Product description

1-unit flush-mounted mailbox system BASIC – Edition NELLY – BI-colour stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The NELLY edition combines the proven BASIC mailbox technology with a noticeably more individual appearance. The mailbox housing is made from galvanised steel and is powder-coated in RAL 7016 anthracite grey fine-structure matt, while the inlet flaps are manufactured from stainless steel V2A 1.4301 and finished with 240-grit abrasion. This deliberate bi-colour contrast looks modern and high-quality and can be combined with many front doors, windows and façades. As a flush-mounted version with 1 mailbox, NELLY is not only intended for mail reception but serves as a neatly designed element of the entrance. The powder-coated plaster cover frame provides a clear finish to the façade; its upper area becomes the characteristic NELLY labelling surface.

The special advantages of the NELLY edition

Labelling frame integrated into the façade

With the flush-mounted version, customisation is integrated directly into the architecture: the upper area of the plaster cover frame serves as a labelling surface for the house number and/or street name. This creates no additional sign solution, but a calm, integrated NELLY look.

Bi-colour: RAL 7016 meets brushed stainless steel

The mailbox housing made from galvanised steel is powder-coated in RAL 7016 anthracite grey fine-structure matt. The inlet flaps, by contrast, are made from stainless steel V2A 1.4301 and finished with 240-grit abrasion. The stainless-steel plaster cover frame is powder-coated and sets the anthracite housing cleanly off from the façade.

Large slot for DIN C4

The 35 × 325 mm slot is designed for DIN C4 in landscape format. Larger letters can also be inserted without being folded. The mailbox complies with DIN EN 13724.

Quiet operation for everyday use

The brushed stainless-steel inlet flaps are fitted with a noise-damping rubber seal. A mail-retaining latch supports controlled removal, while the doors open from left to right.

Robust plaster cover frame 25 × 58 mm

The plaster cover frame consists of a 25 × 58 mm stainless-steel angle profile made from 1.5 mm thick V2A 1.4301. Powder-coated in the RAL colour, it forms a clear, robust finish between the mailbox system and the façade.

Equipment and technical features

Material and mailbox

Configuration 1 mailbox
Mailbox housing Steel, galvanised; RAL 7016 anthracite grey fine-structure matt
Inlet flaps Stainless steel V2A 1.4301, 240-grit finish
Slot 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate under the inlet flap
Mail-retaining latch Integrated per mailbox
Mail removal Front access
Door opening From left to right
Locking system Depending on the chosen product configuration

Installation and construction

Installation type Flush-mounted
Plaster cover frame Stainless-steel angle profile 25 × 58 mm made from 1.5 mm stainless steel V2A 1.4301, powder-coated
Labelling surface Upper plaster cover frame with individual laser engraving
Rain drip edge Integrated into the construction
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail is best protected from moisture and dirt when fully inserted and the inlet flap is closed. Protruding items may prevent the flap from closing completely.

Note on flush-mounted installation

The flush-mounted installation should be carried out professionally into the intended wall structure. When installing in insulated exterior walls, particular attention must be paid to sealing and possible thermal bridges.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey, Brushed
Removal of mail	On the front
Number of boxes	with 1 letterbox
Mounting type	Flush-mounted
