2-unit Designer Freestanding Mailbox GOETHE LIB - LED Design Element - RAL Colour of Choice | without newspaper compartment | with 2 mailboxes (1x2)

Product number 215-LIB-2

Product description

2-unit design freestanding mailbox GOETHE® LIB - LED design element - RAL of your choice

High-quality manufactured 2-unit freestanding mailbox with elegant stainless steel rectangular tube stand including LED design element. The modern mailbox GOETHE® is ideal for demanding entrance areas. The clean-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual box provide a capacity of approx. 16 litres; the large slot ensures that DIN C4 envelopes and magazines — or post accumulated during several days' absence — are not crumpled. The innovative push-key lock is concealed invisibly inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. With the lock arrangement, this mailbox is designed so that the collection door prevents your mail from falling out towards you. The internal mail is optimally protected from the weather by the water drainage edge. The insertion flap is fitted with high-quality hinge dampers, ensuring a quiet closing and preventing annoying rattling due to weather influences.

The mailbox systems of the GOETHE® collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility and modularity, easy spare-part assembly and uncomplicated self-assembly. Spare parts for all GOETHE® systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- 2-unit freestanding mailbox with rectangular tube stand element and stainless steel mailbox.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Flat LED lighting unit as a design element. LED 3000 K, 395 x 100 x 5 mm, IP65, 2-metre supply cable, 24 volts, 10 watts, satin-finished plexiglass edges including LED power supply.
- Mailboxes (H x W 400 x 400 mm) made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative push-key lock with 2 keys.
- Mail insertion and collection take place from the front. Insertion flap with high-quality hinge dampers for very quiet mail insertion.
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit in here without being folded.
- The collection door opens from top to bottom. This prevents your mail from falling out towards you.
- Optional name labelling approx. 15–20 mm high.
- Optimal protection against rain thanks to rain runoff edges.
- The stand post consists of 2 mm rectangular stainless steel tube, powder-coated in RAL colour with a 6 mm base plate for screw mounting.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.
